

Production instructions at the right time

GENERAL INFORMATION

- Assembly
- Quality Assurance
- Manufacturing
- Training

BENEFITS

- High level of customization
- Adaptable hands-free user interface and interaction
- Content management for different groups of users
- Automatized quality assurance

TECHNICAL FACTS

- Step-by-step assembly instructions (on-/offline)
- Connection to programmable logic controller
- Access to machine sensors and IoT data
- Seamless documentation (pictures, videos, audios)
